Its color is a brilliant orange scarlet suffused orange (Ridgway classifies it as a spectrum red shading to scarlet). **Evening Star's** broad standards hold to the above bright color, while its wings are toned to a lighter hue. The plants are strong growers, stems are very long with large bold flowers. ✓ ✓ ✓ This remarkable new Early Flowering Sweet Pea, **Evening Star,** received an award of "Excellent" from the New York Florist's Club in 1936, after trial at the New Jersey Agricultural Experiment Station, located in New Brunswick.

Princess Blue

It is our opinion that **"Princess Blue"** will undoubtedly achieve the honor of being called the most outstanding color introduction in the Early Flowering Sweet Peas for the present decade.

"Princess Blue" is a Belladonna blue — from Ridgway it would be classed as a "light Wisteria blue," this is a delightful and pleasing shade that was in great favor at the recent coronation. The flowers have large bold standards, 2¼ inches across and are fashioned with wide spread wings. Both standard and wings hold to the same rich light blue color. The stems are long and stout and the plant is quite vigorous. Awarded "Special Merit" after trial by the N. Y. F. C.

During the past year numerous trials of **"Princess Blue"** were sent to a group of Sweet Pea specialists under its Trial Ground number 91-35, all of the growers rated it A-1 on vigor, length of stem, size and color of flower.

Virginia

"Virginia" is a Sweet Pea with character and distinction, reminiscent of the South and the beautiful State it is named after.

A rich rose pink on white ground, its large ruffled standard is 2½ inches across and both wings are very beautifully spread in proportion. The richness of **"Virginia"** is enhanced by the purity of its white ground, truly a flower brim full of the old Southern traditions and sentiment. **"Virginia"** is rich in color, superbly moulded, and lithe of stem.

Tahoe

Price: Per ¼ lb. - - - - - **$2.50** Per lb. - - - - - **$10.00**

Tahoe is a mid-blue, a shade between Mrs. Herbert Hoover and Blue Bonnet, but comes with large wavy flowers. From Ridgway's color chart, it would be classed as a "Chicory blue deepening to mauve."

The large wavy standards and ruffled wings have the same delightful shade of mid-blue, and in addition the flowers are well placed on long stems. The plant is a vigorous, strong grower.
